

Signature Gardenscapes, LLC Company Values

In the same way that personal values form how we are as people, company values form how we are as a company. These values guide how we make decisions, how we interact with other individuals and other businesses, and how we move forward together as a company.

Following are the values that guide all of us at Signature Gardenscapes as we carry out our day-to-day business.

1. Professionalism:

We are courteous, level-headed, and committed to providing clients high quality service.

2. Fun / Enjoyment:

We aim to enjoy everything we do by having fun with it to create the positive energy we share as we work. Fun is not at the expense of others or at the expense of professionalism.

3. Deep Competence:

We are committed to continuous learning to expand our knowledge in current and future areas of expertise and company offerings.

4. Respect:

We treat everyone as equals and treat ourselves and others with respect at all times, whether or not the other person / people can see/hear us.

5. Integrity:

We say truthfully what we will do, and then consistently do what we say.

6. Positively impact the world:

We are aware of the way we impact the world and choose the words / actions that have a positive impact. We continue to look for ways to enhance our positive impact on the world outside our business.

7. Connection:

Recognizing that connections between people and between people and nature are at the heart of our business, we nurture current connections and continually grow new connections.

8. Confidence in trying new things: We operate with a sense of adventure, willing to courageously try new ways of doing and being. We reward ingenuity instead of punishing failure.
